

Maintenance Workers
The Las Gallinas Valley Sanitary District

Invites your interest for the position of

**Skilled Maintenance Worker I
And
Skilled Maintenance Worker II**

The Position

Located just 21 miles north of San Francisco in beautiful Northern California, between the cities of San Rafael and Novato, the Las Gallinas Valley Sanitary District has a career opportunity for the position of Skilled Maintenance Worker I and a Skilled Maintenance Worker II.

The District is known for its outstanding record as a sewerage agency. We are seeking an individual who can help maintain this record.

Under immediate to general supervision, learns and performs skilled trades duties in the fields of electrical, mechanical, plumbing, painting, carpentry, welding, landscaping, and concrete work maintenance to undertake the installation, alteration, repair, and construction of treatment and pumping plant equipment and facilities; assists in developing and overseeing projects for installation, maintenance, and repair activities; and performs other duties as assigned. See the job description and qualifications at <http://www.lgvsd.org/about-us/employment-opportunities/>.

Skilled Maintenance Worker I is the entry-level class in the skilled Maintenance Worker class series responsible for ensuring that equipment and systems operate effectively and are maintained in a safe and effective working condition. Positions at this level are not expected to function with the same amount of knowledge or skill level as positions at the Skilled Maintenance Worker II level, and do not exercise the same level of independent direction and judgment in matters related to work procedures and methods.

Skilled Maintenance Worker II is the full journey-level class in the Skilled Maintenance Worker class series responsible for performing the full range of duties required to ensure that equipment and systems operate effectively and are maintained in a safe and effective working condition. Incumbents are expected to work independently and exercise judgment and initiative, may provide oversight of contractors on assigned projects.

The District

We understand and embrace our Mission to protect public health by effectively handling the sanitation needs of the community and our role in protecting the environment. Discharging directly to the San Pablo Bay presents significant and obvious challenges to do our job correctly. The District has a strong commitment to the environment in all that we do, as we demonstrate in our photovoltaic power generation project, biogas power generation and vehicle fuel project, recycled water production facility, and multi-faceted reclamation area project that includes a freshwater marsh, storage ponds and irrigated pastures. The District has received recognition and many awards for environmental and educational programs. We are known for being innovative, proactive, and successful at what we do. Our approach is to combine effective pollution prevention and educational programs and state-of-the-art technologies, with a strong and positive relationship with our community.

We are a team dedicated to keeping our world a cleaner and safer place to live. In support of our dedication to protecting public health and continuing our progressive approach to innovative technologies and environmental education, we seek an Environmental Specialist who thrives in and can contribute to this efficiently run, but challenging, work environment.

The Recruitment Schedule

Opened Until filled.

The Recruitment Process

The District currently does not have any in-house candidates. To apply for this outstanding career opportunity, applicants need to fill out a Las Gallinas Valley Sanitary District job application. A resume may be included, but is not an acceptable substitute for an application.

Instructions: The job application is available at <http://www.lgvsd.org/about-us/employment-opportunities/>. **All applicants must complete the job application. Resumes submitted without the application will be rejected.** When you've completed the form, please print it and save it to your computer. You may then either attach your application and resume to an email as a pdf, mail, or fax them to us. Our address and fax number are on the application. If you wish to have a paper application mailed or faxed to you instead, please call (415) 472-1734, ext. 21, and provide your name, address, and telephone and/or fax number(s).

Pre-employment requirements include passing a background check, physical, and drug screen.

For further information, please contact the District office at (415) 472-1734 or see the District's website at www.lgvsd.org.
