Re: Call for Bids – Primary Digester Sandblasting and Painting

BACKGROUND:

Plans and specifications for Primary Digester Sandblasting and Painting project prepared by staff and Nute Engineering are essentially complete and ready for bid advertisement. The project provides for the following:

- Painting and sandblasting
- H₂S resistant coating for digester interior, including concrete surface treatment and concrete crack injection

Tentative project schedule is as follows:

- Call for bids: September 22, 2016
- Bid walk: September 30, 2016
- Bid opening: October 7, 2016
- Notice of award: October 13, 2016
- Notice to proceed: October 21, 2016
- Construction duration: 30 days from Notice to Proceed

STAFF RECOMMENDATION:

Board approve Call for Bids for the Primary Digester Sandblasting and Painting project.

FISCAL IMPACT:

The Engineer's estimate of construction cost is \$253,000.

PERSON TO BE NOTIFIED:

Scheduled for advertisement in the Marin IJ, pursuant to Public Contract Code Sections 10140 and 10141.
