CERTIFICATION: I, Dale McDonald, of the Las Gallinas Valley Sanitary District, hereby declare under penalty of perjury that on or before September 14, 2026 4:00 p.m., I posted the Agenda for the Board Meeting of said Board to be held on September 17, 2026.

DATED: September 14, 2026

Dale McDonald
Acting Board Secretary

The Board of the Las Gallinas Valley Sanitary District meets regularly on the first and third Thursday of each month. The District may also schedule additional special meetings for the purpose of completing unfinished business and/or study sessions. Regular meetings are held at the District Office, 101 Lucas Valley Road, Suite 300, San Rafael, CA. Board meetings may be recorded for transcribing purposes.

In compliance with the Americans with Disabilities Act of 1990 (42 U.S.C. Sec. 12132), if you need special assistance to participate in this meeting, please contact the Board Secretary at the District at (415) 472-1734 at least 24 hours prior to the meeting. **Notification prior to the meeting will enable the District to make reasonable disability-related modifications or accommodations, including auxiliary aids or services, to help ensure accessibility to this meeting.**

AGENDA ITEM 1

9/17/2026

PUBLIC COMMENT

This portion of the meeting is reserved for persons desiring to address the Board on matters not on the agenda and within the jurisdiction of the Las Gallinas Valley Sanitary District. Presentations are generally limited to three minutes. All matters requiring a response will be referred to staff for reply in writing and/or placed on a future meeting agenda. Please contact the General Manager before the meeting.

Agenda Summary Report

To: Board of Directors
From: Dale McDonald, Administrative Services Manager 
(415) 526-1519 dmcDonald@lqvsd.org
Meeting Date: September 17, 2026
Re: Identify Real Property Negotiator – Roadway Parcels Along Smith Ranch Road
Item Type: Consent Action X Information Other .
Standard Contract: Yes No (See attached) Not Applicable X .

STAFF RECOMMENDATION

Identify and appoint the General Manager, Curtis Paxton, as the District's Real Property Negotiator for discussions with Silveira San Rafael Ranch, LLC and Cornish & Carey Commercial (Newmark) regarding the potential acquisition of various parcels that make up portions of Smith Ranch Road and adjacent frontage property.

BACKGROUND

The District is currently in negotiations for potential acquisition of four parcels adjacent to Smith Ranch Road. During negotiations, additional parcels along and making up Smith Ranch Road were identified. The District is evaluating the potential acquisition of the following additional properties:

- Developed Smith Ranch Roadway and Frontage parcels
(APN 155-121-17 / APN 155-121-18 / APN 155-121-30)

Pursuant to the Brown Act (Gov't Code § 54956.8), prior to closed session, the Board must hold an open and public session in which it identifies its negotiators, the real property or real properties which the negotiations may concern, and the person or persons with whom its negotiators may negotiate prior to holding a closed session on the negotiation.

PREVIOUS BOARD ACTION

On April 16, 2026, the Board appointed General Manager Paxton as the District's Real Property Negotiator for the properties commonly known as 291 and 301 Smith Ranch Road.

ENVIRONMENTAL REVIEW

N/A

FISCAL IMPACT

No fiscal impact for appointing the General Manager as Real Property Negotiator.

AGENDA ITEM 3

9/17/2026

Agenda Summary Report

To: Board of Directors
From: Jasmine Diaz, PE, District Engineer
(415) 526-1529; jdiaz@lqvsd.org
Meeting Date: September 17, 2026
Re: Award of Contracts for On-Call Engineering, Construction Management, and Inspection Services
Item Type: Consent X Action _____ Information _____ Other _____
Standard Contract: Yes X No _____ (See attached) Not Applicable _____

STAFF RECOMMENDATION

Board to authorize the General Manager to execute agreements with Pacific Wastewater Optimization (PWO) for On-Call Construction Management, Special Inspections, and Engineering Design Services with a not-to-exceed amount of \$250,000, and with Brelje & Race Consulting Engineers, Inc. (B&R) for On-Call Construction Management, Special Inspections, Engineering and Electrical Engineering Design Services, and SCADA Support with a not-to-exceed amount of \$350,000, each for an initial term of two (2) years, with the option to extend each agreement for one (1) additional year.

BACKGROUND

The District uses on-call engineering, construction management, and inspection services to supplement in-house staff on capital improvement projects and to provide specialized expertise the District does not maintain internally. These services include:

- Preliminary and final design engineering, including plans, specifications, and estimates
- Construction management, including submittal and RFI review, schedule and cost control, and change order negotiation
- Special inspection and materials testing
- Electrical engineering and SCADA and instrumentation support

Establishing on-call agreements allows staff to assign this work by task order as needs arise, without conducting a separate procurement for each assignment, and supports delivery of the District's capital improvement program on schedule.

On August 13, 2026, District staff received Statements of Qualifications (SOQ) in response to the Request for Qualifications (RFQ) for On-Call Engineering, Construction Management, and Inspection Services and received SOQs from the following firms:

1. Alisto Inc. (Walnut Creek)
2. Brelje & Race Consulting Engineers (B&R) (Santa Rosa)
3. DCCM Infrastructure, Inc. (Santa Rosa)
4. Dudek (Oakland)

5. Hazen and Sawyer (San Francisco)
6. Kennedy/Jenks Consultants, Inc. (San Francisco)
7. Pacific Wastewater Optimization (PWO) (Fremont)

Staff evaluated the SOQs against the criteria set forth in the RFQ using a qualifications-based selection process. Both firms rated highest overall in the scopes for which they are recommended, based on relevant project experience and proposed key personnel. B&R also demonstrated electrical engineering and SCADA capability that PWO did not propose, and its agreement is scoped accordingly. Awarding both agreements establishes a pre-qualified bench, allowing staff to assign task orders according to the expertise each project requires and the availability of each firm.

Staff reviewed the submittals and found that the qualifications, methodology, and rate schedules of both firms meet the District's needs for on-call engineering, construction management, and special inspection services. Management will coordinate work to fall within the annual budget thresholds.

FISCAL IMPACT

Combined not-to-exceed amount of \$600,000, included in the adopted FY 26/27 budget and subject to annual Board budget adoption in FY 27/28. The contracts consolidate the FY 26/27 and FY 27/28 On-Call Engineering Contract and On-Call Inspection Capital Projects budgets.

CIP Item	Adopted CIP FY 26/27 Budget	Future CIP FY 27/28 Budget
On-Call Engineering Contract	\$ 217,000	\$ 224,000
On-Call Inspection Capital Projects	\$ 78,000	\$ 81,000
Subtotal	\$ 295,000	\$ 305,000
Total		\$ 600,000

Agenda Summary Report

To: Board of Directors
From: Dale McDonald, Administrative Services Manager 
(415) 526-1519 dmcdonald@lqvsd.org
Meeting Date: September 17, 2026
Re: Topics for the Winter 2026-2027 Newsletter
Item Type: Consent ☐ Action ☐ Information ☒ Other ☐
Standard Contract: Yes ☐ No ☐ (See attached) Not Applicable ☒

STAFF RECOMMENDATION:

Staff requests that the Board discuss proposed topics for the Winter 2026-2027 Newsletter and select two primary topics and three to four secondary topics from the recommended list below.

BACKGROUND:

The District publishes newsletters approximately every six (6) months to inform its ratepayers about District projects, programs, and other items of interest. Each newsletter typically has one main topic and three to four smaller articles. The newsletter would be mailed in January 2027.

It will be a traditional 4-page color newsletter. The District's website allows residents and others to sign up for email alerts, but the notification list is growing slowly. There are no plans to send a separate e-Newsletter this spring.

Below is a list of possible topics for the newsletter.

- Water Ecology Center Taking Shape
- Storm Impacts – Let's Reduce Inflow and Infiltration Together
- Celebration of the Completion of the Solar PV and BESS Projects
- Successful Internship Partnership with BAYWORK
- Fighting Climate Change Through Organic Waste Diversion
- Marin Sanitary Service Rates Increasing Throughout Marin

Included with this report is a list of past newsletter topics and their publication date.

PREVIOUS BOARD ACTION:

CASA ACE
Sept. 10, 2026
Notes
Craig K. Murray

Lou Bronstein, IRWD presiding.
Participants: 43.

SD:
CNRA Strategy. Silos to Systems primer being finalized. What types of issues and how to solve.

Climate- Smart Ag & Soil Health/C- Storage via Biosolids Land App
NBS: nature-based solution targets. CNRA rolling out 8 climate solution summits.

- September 10th – Forests (Tahoe City)
- October 9th – Deserts (The Living Desert Zoo and Gardens, Palm Desert)
- **October 16th – Grasslands (UC Merced)**
- **November 12th – Inland Wetlands (UC Davis)**
- Communities – Date/Location TBD

Oct/Nov may be of interest for those with biosolids application. Get to engage directly with host researchers such as at UC Merced. Large panel in am and then ~ 5 break outs sessions with 4 or 5 sessions within each break out session. Need to go to Agenda and request attendance, it is limited and more likely to allow you to attend with our CASA work.

CDFA RSA (Resilient & Sustainable Agriculture) to improve soil health. We want to maintain our presence with biosolids.

CARB SB 905 Carbon Capture, Removal, Utilization, and Storage Program. Want to actually see and achieving removal. One year behind in producing the document. For WW sector, two project types: Biogenic Carbon Storage and Carbon Capture, Removal, or Sequestration want to discuss.

Biogenic and Organic feedstocks that we are working with. Talk about 100 year permanent, long term aspect. Requires multiple generations to achieve. Supposed to have adopted by 2026 but will push into 2027. CASA wants to make sure WW types of projects are retained that folks at Federal Level already have.

USDA NRCS Conservation Practice Code 336: Land application of biosolids as a soil amendment. Some concerns raised a few years back in regards to PFAS. Jim Ippillito leading project. USDA W5170 Research Committee. MLB: One of many research. Came up in 2022. At WEF, several commented and in same house as NRCS and should both be singing from same sheet and why this revision is as it is. All comment letters due in October 1.

Tony Pastore, TerraVerde? Total volume of weight WWTP, inventoried? MLB: We have 2024 report across all of CA. 2025 is out but trying to align with EPA region 9. Somewhat who produced and where it went. It is explained in the Cost and Capacity Report. SD: Over 60% of biosolids, 650 dry tons. MLB: Nationally 60% is land applied.

Maile Lono-Batura 10:26 AM

Biosolids Capacity Challenges from a Land Application Ban in California

- [Report](#)
- [Legislative Handout](#)
- [PowerPoint pdf](#)
- [PowerPoint file](#)

SJ: Clean Water Socal and BACWA websites have information and available for anyone. SJ: comparison of GHG and industrially derived fertilizers and biosolids and compare it side by side. SD: Greg used to how much petroleum fuel used. Biosolids can be a sink. SD this would be great to revisit. MLB: GHG calculator with NEPRA. Water Research on contributions and follow up with National Agriculture on studies. More comparisons would be useful.

SD: real need to preserve within the NRCS code.

CARB ACF Review. AB 1594 amended to improve public agency access to exemptions to ensure reliable services in emergencies. Removes age req exemptions, extends 50% ZEV req. through 2030 (v. 2027). Contract privately-owned vehicles. Office of Admin. Law. Only if you dispatch, dictate their day to day operations and routes. Next subgroup of ACF ACF compliance guidance document: Sept. 28 2-3pm. CARB Resources: Funding Finder Tool to find funding for Medium, Heavy Vehicles is out. Workshops and meetings on Low Carbon Transportation. Forklift Zero-Emission Reg. restrictions and reporting began in 2026.

Since 2016

4. CalRecycle's SB 1383 for Methane Emissions Reduction

- 40% methane reduction by 2030 (from 2013), 75% organic waste diversion from landfills by 2025 (from 2014)
 - Counties w/ overly restrictive ordinances for land application reassess restrictions on a project basis
 - May 2025 – CalRecycle initiated anaerobic digestion study to inform policy recommendations – 45 WWTPs, 28 responded, 23 active or interested in co-digestion
 - Feb 2026 – Compost 2026, discussed air permitting barriers to implementation
 - Feb 2026 – CalRecycle’s Zero Waste Plan
 - Focused on “circular materials management”
 - Organic waste definition is same as SB 1383
 - Acknowledges the need for coordinated action across state agencies, local governments, businesses, and communities
 - Includes wastewater facilities as “Infrastructure of Circularity”, including AD
 - April 2026 – CASA shared impacts of ACF changes to implementation
 - July 2026 – CalRecycle/CalEPA toured City of Roseville
 - Waiting for OAL to make decision on ACF before reconvening discussions**
-

Manage a lot of food waste and capture in our own biogas. Highest and best use identified is low carbon transportation fuel by CARB until ACF came along and now limited. SD: we should be able biofuel to use esp. with vehicles transporting organic wastes. Julia Levin: When implement AB 70, to add pathway to pipeline biomethane. Understood it would be done quickly by staff but have not heard a peep. Biomethane already for transportation fuel and electricity generation so don't have to go through the OAL process. Aguillar-Curry AB 70 from 2025.

New acting EPA Region IX Director name ~ Mike Marcucci and trying to set meeting with him. CARB req. WWTP in two-step process. 5 MGD or more should be participating in two-step source test emissions for air toxics. CA Wastewater has decided to participate in pooled group. CAPCOA and CARB. Nov.19 Steering Committee to deliver draft plan to CAPCOA. Aug.28 Source Test received. RFQ out for Labs, please forward any you have of level of quality of testing. Kris Flaig LASAN: think we can go with 1600 compounds. SD: pulling data to show what are of level to be tested. Reg approved methods and toxicity designations that can be determined by a Lab. Now which source test specialists can sample and which labs can do any or all of the compounds we will be needing to sample and test. We can sample, b/c it is not possible, out of that list. CAPCOA seems to be coming around, only one Air District not aligned (Bay Area). CARB would like more compounds. We will have a back and forth of the SOQ of source test and labs. Oct. 7 next CASA Air Toxics Subgroup. Open to all.

Cap & Invest Program (Formerly Cap & Trade). May 2026: MDI Manufacturing Decarbonization Incentive Program approved in May 2026. CARB workshops scheduled for the fall. Biosolids or sewage sludge, with embodied energy, will be considered? Some applications with deadlines. Good source for WW sector as we get future clarifications from CARB. JL: If producing electricity or hydrogen, have to be RPS eligible. Not clear if landfill or sewage gas is eligible. May need letter to

Air Board to make those explicit. Have not seen Legislation stop the Air Board once something is done and we may need to build more with legislature. See MDI as way to find new markets for biomethane. Need to make eligible. BACT to see if interest to add biosolids or sewage sludge non combustion portion to public resources 40106 (auto count for waste diversion is the advantage). More options then for biogas and sewage sludge. Get fixed the public resources code. 45 Z clean fuel tax credit did get extended for biogas use.

CASA CRC Reseach Collaborative. Biosolids, Water Quality, Collections, Air Toxics – to stay in front of the research, and policy makers with new regulations w/o all the science of WWTPs. SWRCB funded. See what our data gaps are and work with WRF or others.

Scoping Plan update CH₄ and N₂O interest in legislators exposed to different articles, papers.

Working with Jessica Gauger. Please forward any articles you see to CASA. CASA Invited to serve on SRF 5430 Carbon Flows in Water Utilities.

SWRCB Climate Change Resolution and Action Plan. March 2025 first meeting and May 20, 2025 Draft Climate Change Resolution Goals & Objectives.

Review of balance of slides. Clean Water So Cal.

State Leg. Aug. 31 last day of 2026 session. Jan. 4 2027 is new legislative year.

Discussion on So Coast emissions and lower limits wanted. Emergency diesel generators KF: on turbines. SD: So Coast Proposed Rule 1110.4

11:31am

Air Quality, Climate Change, & Energy (ACE) Workgroup

September 10, 2026, 10:00 – 11:30 am

Meeting ID 852 7198 0133 | Passcode acecasa | On Tap Mobile [\(669\)900-9128](tel:(669)900-9128)

ITEM	LEAD
Welcome	Lou Bronstein (SoCal Co-Chair), Heidi Oriol (NorCal Co-Chair), Sarah Deslauriers (CASA)
Review/Approval of Agenda	All

PRIORITY ITEMS

	ITEM	INPUT	NOTES
1.	CNRA's Climate Adaptation Strategy	Sarah	Acknowledges needs of wastewater sector and for collaborations CASA finalizing primer <i>From Silos to Systems</i> , Board Members to review print CASA follow-up meeting with CNRA/CalEPA
2.	Climate-Smart Ag & Soil Health/C-Storage via Biosolids Land Application	Sarah Maile	CNRA Natural & Working Lands Climate Smart Strategy to be updated CNRA's Nature-Based Climate Solutions Summits – Jul-Nov 2026 CDFA Final Climate Resilience Strategy for CA Ag released end of Mar 2026 CDFA SAP on Resilient & Sustainable Agriculture meeting: Nov 12 CARB's Carbon Capture, Removal, Utilization, and Storage Program – Comments on Concepts for Potential Regulations submitted Jun 5 – Pre-rulemaking workshop held Jun 23 – Community Listening Sessions – Virtual Session held Sept 8 USDA NRCS, Amendments to Conservation Practices – Code 336 Soil Carbon Amendment , comments due Oct 1
3.	CARB Advanced Clean Vehicle (ACV) Regulations & Low Carbon Fuel Standard (LCFS)	Sarah Subgroup	CARB AB 1594 initial amendments and Resolution 25-9 , approved Sept 2025 CARB's first 15-Day Changes released Apr 2, comments submitted Apr 17 CARB's second 15-Day Changes released Jun 1, comments submitted Jun 16 CalRecycle/CalEPA staff toured City of Roseville Jul 7 CARB submits ACF/FSOR package to OAL Jul 29, with relief for contract vehicles and eligibility for the Captive Biofuel Use Exemption OAL must provide final decision on ACF/FSOR package by Sept 11 Subgroup Meeting (developing ACF Compliance Guidance): Sept 28 CASA discussing potential legislative fixes internally, with other organizations CARB 2026 priority – “Drive Forward” regulation proposal by Nov 2026 <i>Other CARB Activities:</i> – Funding Finder Tool for medium- and heavy-duty advanced-technology vehicle and infrastructure programs – Clean Transportation Incentives meetings – schedule here – Drive Forward Truck Forum – Outreach (TBD) and Infrastructure (TBD) o Zero-Emission Forklift Regulation o Meetings and workshops o Reporting Guidelines (including deadlines) o Small Fleet Reports due Sept 30 – Approval of Proposed amendments to On-Road Heavy-Duty Engine and Vehicle Omnibus and amendments to LCFS still delayed
4.	CalRecycle's SB 1383 & CH₄ Emissions Reductions	Maile Sarah	CalRecycle initiated new Anaerobic Digestion Study CalRecycle finalized Zero Waste Plan , further engagement to commence CalRecycle/CARB to discuss ACF impacts to SB 1383 implementation
5.	8-hour Ozone Attainment	Sarah David Subgroup	EPA proposed Finding of Failure posted Aug 15 (2025) for LA still pending EPA proposes partial approval of SJVAPCD contingency measures CARB approved changes to State Implementation Plans (SIPs) Jul 23 CASA continues outreach to EPA State & Local Partnerships Group lead CASA met with EPA Ombudsman to discuss ACF impact on nonattainment CASA to hold meet and greet with new acting EPA Regional Director
6.	Updated CARB Criteria Pollutant & Air Toxics Reporting	Sarah Steering Committee Subgroup	Statewide Pooled Emissions Source Testing – Working with CAPCOA and CARB on finalizing plan – Received SOQs from Source Test Firms, evaluating qualifications – Posted RFQ for Air Quality Analytical Laboratories – Subgroup meeting: October 7 CARB Draft Air Toxics Roadmap Workshop Aug 25 , comments due Sept 16

7.	Biogas Utilization & Energy Resilience	Sarah Julia	CASA to develop 1-pager on beneficial uses of wastewater-derived biogas (per Resolution 23-13) per request of SCAQMD EO to present to CAPCOA Cap-and-Invest (formerly Cap-and-Trade) Regulatory Amendments – Manufacturing Decarbonization Incentive Fund CARB (with CEC/CPUC) is drafting CA's Hydrogen Plan CPUC terminated the BioMAT program, BAC/RCRC to challenge in court CPUC adopted changes to SB 1440 (decision available online here) Board of Forestry and Fire Protection Bioenergy Action Plan IRS proposed changes to regulations on clean fuel credit
8.	CASA Research Collaborative (CRC)	Sarah ERG	CRC priority issues: ROC Management & Nutrient/Energy/Nitrous Oxide Nexus ERG Meeting at Annual Conference and next steps (planning for PFI 2027)
9.	Scoping Plan Update: Methane & Nitrous Oxide Process/Fugitive Emissions	Sarah Subgroup	CARB to begin 2027 Scoping Plan Update (track programs and WWTP GHGs) NRDC June 2026 White Paper: Understanding & Abating N ₂ O & CH ₄ from WW Tracking research on GHG emissions from WWTPs UK's Process Emissions Action Community reconvened Utility Climate Action Network - Reservoir
10.	SWRCB Climate Change Resolution & Action Plan	Sarah Subgroup	SWRCB's Climate Change Resolution Focus Group to reconvene Q3 2026 Final draft Resolution expected in Q3 2026 Action Plan development to follow final Resolution (expected in 2027)

INFORMATIONAL ITEMS (See Slides for Updates)

	ITEM	LEAD	NOTES
1.	CARB Potential Standards for New Off-Road Diesel Engines	Courtney	Proposed Tier 5 Off-Road CI Engine Emission Standards and Test Procedures , CARB workshop held Feb 27, 45-day package early 2027
2.	OPC Grant Funding	Sarah	Next SB 1 SLR Adaptation Planning Grant funding apps due Sept 11
3.	Emissions from Emergency/ Standby Generators & BACT	Courtney David Steve Sarah	SCAQMD Proposed Rule 1110.4 zero emission/low NOx strategies for emergency generators, working group meetings SMAQMD considering requirement for engines >25 bhp Working with EPA on Tier 4 inducement requirements
4.	SCAQMD Proposed Amended Rule 1302	Steve David	Amendments support private SB 1383 compost infrastructure to recycle food waste, Clean Water SoCal commented Aug 7
5.	State Legislation Tracking	Sarah Subgroup	End of legislative session Next SLC Mtg - Strategic Planning: Dec 4

RECENT & UPCOMING CONFERENCES/EVENTS

NAME	DATE/LOCATION
Clean Water SoCal Air Quality Committee Meeting	Sep 15, Virtual
CVCWA Annual Conference	Sep 16, Sacramento
WEFTEC	Sep 26-30, New Orleans
CASA Air, Climate, & Energy Workgroup	Oct 8, Virtual
NACWA Climate & Resilience Committee Meeting	Oct 8, Virtual
Resilient California Summit	Oct 20-22, UC Davis
CASA Innovative Technology Seminar	Oct 21, UC Davis
NACWA Clean Water Law & Enforcement Seminar	Nov 11-13, Santa Monica
BACWA Air Issues & Regulations (AIR) Committee Meeting	Nov 18, Virtual

California Association of Sanitation Agencies

Air Quality, Climate Change, & Energy Resilience (ACE) Workgroup Meeting

Virtual – Zoom Link can be found in the Agenda and Meeting Invite

Louis Bronstein, IRWD | Co-Chair
Sarah Deslauriers, CASA | Director of Air, Climate, & Energy Programs

September 10, 2026

1

Priority Issues/Action Items

2

1. CNRA's Climate Adaptation Strategy

Strategy Resilience Priorities:

1. Strengthen Protections for Climate Vulnerable Communities
2. Bolster Public Health & Safety to Protect Against Increasing Climate Risks
3. Build a Climate Resilient Economy
4. Accelerate Nature-Based Solutions & Strengthen Climate Resilience of Natural Systems
5. Make Decisions Based on the Best Available Climate Science
6. Partner and Collaborate to Leverage Resources

CASA Advocacy going into 2027:

- **From Silos to Systems** primer being finalized, meet w/ regulatory agencies (e.g., CNRA/CalEPA)
- SWRCB Climate Change Resolution & Action Plan development
- CNRA Natural & Working Lands Climate-Smart Strategy updates
- Meet with CNRA to:
 - Gain eligibility for biosolids use in nature-based solutions (e.g., horizontal levees)
 - Streamline permitting for nature-based solutions
- CCC guidance to evaluate shoreline management adaptation
- CalRecycle to streamline permitting for small/medium organics recycling facilities by 2027
- Align coastal resilience planning activities (across OPC, CCC, SWB, RWBs)

3

“

*We can't solve problems
by using the same kind of
thinking we used when we
created them.*

— Albert Einstein

4

2. Climate-Smart Ag & Soil Health/C-Storage via Biosolids Land App

- **CNRA updating Natural & Working Lands Climate Smart Strategy**
 - Revisions incorporate nature-based solution (NBS) targets per AB 1757
 - NBS Climate Targets - 2025 Progress Report
 - 11 milestones to establish AB 1757 C-sequestration targets and track progress
 - Improve regulatory requirements to increase pace of NBS implementation through permit streamlining tools
 - Multiple tools tracking NBS implementation
 - Significant gaps in reporting and accessibility of NBS data, need to incorporate more data on biosolids land app
 - Progress reports to be released every two years
 - NWL Carbon Inventory model updated to track progress toward NBS targets
 - CASA provided research citations quantifying the benefits of land applying biosolids (with the objective of biosolids being listed alongside compost and biochar)

5

2. Climate-Smart Ag & Soil Health/C-Storage via Biosolids Land App

- **CNRA's Nature-Based Climate Solutions Summits – 8 Summits**
 - **July 1st – Farmlands (Chico State University)**
 - Attendees: Farmers, Researchers, Policymakers, Funders
 - Agenda consisted of panel discussions/breakouts focused on – Soil Health, Biodiversity, Policy & Finance, Farmer Practice, and Water
 - Introduced the [Farmer Ag Network](#) of California
 - August 28th – Shrublands & Chaparral (King Gillette Ranch, Calabasas)
 - September 2nd – Coasts (Bay Area Metro Center, San Francisco)
 - September 10th – Forests (Tahoe City)
 - October 9th – Deserts (The Living Desert Zoo and Gardens, Palm Desert)
 - **October 16th – Grasslands (UC Merced)**
 - **November 12th – Inland Wetlands (UC Davis)**
 - Communities – Date/Location TBD

6

2. Climate-Smart Ag & Soil Health/C-Storage via Biosolids Land App

- **CDFA Climate Resilience Strategy for CA Ag**
 - Strategy released October, and finalized in March with 3 key objectives
 - Support a thriving and resilient food sector
 - Protect natural systems critical to agriculture
 - Encourage resilient agriculture practices
 - Strategy also:
 - Supports development of guiding strategies/policies
 - Supports researching processing food waste at WWTPs, benefits of biosolids land application, NBS in ag, circular economy, C markets, and nutrient management
 - Supports consideration of solids conversion to energy/RNG/H₂
 - Recognizes the need for regulatory alignment and research
- **CDFA Resilient & Sustainable Agriculture (RSA) Science Advisory Panel**
 - Documenting agriculture's positive impacts to environment (using soil health indicators)
 - **Next meeting:**
 - November 12th

7

2. Climate-Smart Ag & Soil Health/C-Storage via Biosolids Land App

- **CARB's Carbon Capture, Removal, Utilization, and Storage Program (SB 905)**
 - Concepts for potential regulations to evaluate, demonstrate, and regulate projects and technology were released early May 2026, CASA commented June 5th
 - Project Types relevant to wastewater sector:
 - **Biogenic Carbon Storage:** Recycling of biosolids via land application.
 - **Carbon Capture, Removal, or Sequestration:** Inject biosolids into depleted deep subsurface oil and gas formations/reservoirs, convert biosolids into biogas, collect/beneficially use CH₄ to produce renewable energy while the saline reservoir sequesters CO₂. Ex: Terminal Island Renewable Energy (TIRE) project.
 - Seeking input during Community Listening Sessions held August 27 and September 1, 2, and 8 (virtual):
 - Definitions (including permanence, i.e., 100-year life cycles)
 - Measurement and reporting requirements
 - Alignment with existing frameworks/federal regulations
 - Clarifications on nature-based strategies and when they will be incorporated
 - Financial responsibility
 - Low carbon fuel standard impacts
 - Next steps:
 - **Notice of Proposed Rulemaking, ISOR, Draft Regulatory Language for 45-day comment period – Fall 2026**
 - **Board Consideration of Adoption – end of 2026 (but could flow into early 2027)**

8

2. Climate-Smart Ag & Soil Health/C-Storage via Biosolids Land App

- **USDA's NRCS proposed revisions to Conservation Practice Code 336 (Soil Carbon Amendment), open for public comment through October 1st**
 - Proposed revisions disallow land application of biosolids as a Soil Carbon Amendment Conservation Practice, though it benefits each of the factors the practice is seeking
 - Most CA climate-smart ag and healthy soils programs require adherence to NRCS Code 336
 - In 2022, a similar revision was proposed; however, in response to comments, it was temporarily accepted while USDA's W5170 Research Committee led research on PFAS
 - CASA, USDA's W5170 Committee, and others will comment again in effort to overturn the proposed permanent revisions

9

2. Climate-Smart Ag & Soil Health/C-Storage via Biosolids Land App

Incentives directly or indirectly supporting biosolids to improve soil health and carbon (C) sequestration across California landscapes

Incentive Programs	Objective	Relevance to Biosolids	Applicant	Requirement
Inflation Reduction Act	Reduce inflation related to global energy crisis while reducing carbon emissions 40% by 2030.	\$19.5B directed to USDA NRCS Climate-Smart Agriculture & Forestry in 2023 to increase C sequestration (see below).	See next row, funds are allocated locally via NRCS.	Requires regenerative (no or low till) farming
USDA NRCS Climate-Smart Agriculture	Expand conservation practices to mitigate climate change and build resilient farms.	Improve soil health and C sequestration through mitigation strategies (biosolids land application).	Producers, land managers (farmers and landowners)	Remove NRCS Code 336 biosolids exclusion – W5170
CDEA OEFI Healthy Soils Program	Promote conservation practices improving soil health, sequester C, reduce GHGs.	On-farm practices include cover cropping, no or reduced-till, mulching, compost/biosolids land application.	Growers, ranchers	Requires no or reduced-till farming
CNRA Carbon Sequestration & Climate Resiliency Project Registry	Provide public a platform that facilitates funding of nature-based/direct air capture projects.	Includes land application of soil amendments and other strategies to improve soil health and C sequestration.	Producers, land managers (farmers and landowners)	Requires regenerative (no or low till) farming
CDEA OEFI State Water Efficiency & Enhancement Program (SWEEP)	Implement systems that reduce GHGs and save water in ag operations.	Includes drip systems, low P irrigation, pump retrofits, VFDs and renewable E to reduce water use E. Possibly biosolids land application.	Ag operation (precludes you from USDA funds listed above)	None known
Climate Action Reserve (CAR) Soil Enrichment Protocol	Quantify, monitor, report, and verify ag practices that enhance C storage in soils.	Provides credit for achieving C sequestration through land applying soil amendments, like biosolids.	Field manager, project developer, project owner	Requires no or reduced-till farming

10

3. CARB's Advanced Clean Fleets (ACF) Regulatory Requirements and Amendments

1

State and Local Government Agencies required to transition medium- and heavy-duty vehicles (>8,500 lbs GVWR) to zero-emission vehicles (ZEVs)

However, most vehicle types are not available as ZEVs.

2

AB 1594 required ACF be amended to improve public agency access to exemptions to ensure reliable services in emergencies

Removes vehicle age requirement for exemptions, extends 50% ZEV requirement through 2030 (vs 2027).

3

Two issues remain – handling of contracted privately-owned vehicles and use of wastewater biogas as a low carbon transportation fuel in absence of ZEVs

CARB originally excluded most contracted vehicles from ACF compliance; use of biogas as a low carbon fuel in a low NOx ICE engine was introduced but is not available to all.

11

3. Next steps and issues that remain in the ACF regulation

- CARB submitted final regulatory/FSOR to Office of Administrative Law (OAL) July 29th
- **OAL's decision on the ACF amendments is due by tomorrow, September 11th**
- Regarding contracted services via private entities:
 - Reverting to their original interpretation for how ACF applies to contracted services – if a public agency "dispatches" a contracted vehicle, only then must it comply
 - Definitions of "fleet" / "fleet owner" include vehicles under contract – creates confusion
 - Hiring Compliant Fleets section implies public agencies hire public agencies – we recommended CARB revert to original language to remove confusion
- Regarding impacts to SB 1383 implementation, ozone attainment, and WWTP resource recovery/resilience:
 - FSOR allows wastewater agencies to use biogas as a transportation fuel if they receive/process diverted organic waste
 - CARB did NOT give public agencies access to Captive Biofuel Use Exemption / low NOx engines in the Purchase Schedule compliance pathway

CASA's Advanced Clean Vehicle Subgroup is drafting an ACF compliance guidance document!

Next Subgroup meeting: September 28th, 2-3 pm

12

3. Resources made available by CARB to support ACF compliance and implementation

 Drive Forward Truck Forums Industry professionals and practitioners presenting on Outreach and Infrastructure Implementation. Click Here to join!	 Funding Finder Tool Tool designed to search and filter for medium- and heavy-duty advanced-technology vehicle and infrastructure programs. Click Here to search!	 Clean Transportation Incentives Workshops & Meetings Workshops and meetings on Low Carbon Transportation Incentives / Air Quality Improvement Program to facilitate information sharing. Click Here to register!
--	---	---

13

3. Zero-Emission Forklift Regulation

- Restrictions and reporting begin in 2026
 - Large fleet initial reporting webinar held March 11th – initial reports due April 30th
 - Small fleet Initial reporting webinar held July 22nd – initial reports due September 30th
- Refer to CARB's Reporting Guidelines (linked in agenda)

14

4. CalRecycle's SB 1383 for Methane Emissions Reduction

- 40% methane reduction by 2030 (from 2013), 75% organic waste diversion from landfills by 2025 (from 2014)
 - Counties w/ overly restrictive ordinances for land application reassess restrictions on a project basis
- May 2025 – CalRecycle initiated anaerobic digestion study to inform policy recommendations – 45 WWTPs, 28 responded, 23 active or interested in co-digestion
- Feb 2026 – Compost 2026, discussed air permitting barriers to implementation
- Feb 2026 – CalRecycle's Zero Waste Plan
 - Focused on "circular materials management"
 - Organic waste definition is same as SB 1383
 - Acknowledges the need for coordinated action across state agencies, local governments, businesses, and communities
 - Includes wastewater facilities as "Infrastructure of Circularity", including AD
- April 2025 – CASA shared impacts of ACF changes to implementation
- July 2026 – CalRecycle/CalEPA toured City of Roseville
- Waiting for OAL to make decision on ACF before reconvening discussions**

15

5. 8-hour Ozone Attainment

- EPA proposed disapproval of **LA-South Coast Air Basin's** 1997 8-hr O₃ SIP
 - March 2024 – EPA acknowledged federal sources (aviation, trains, non-road engines, ocean-going vessels) majority of emissions in 1994 SIP, but did not accept assignments for reductions toward 1997 SIP
 - June 2024 – SCAQMD approved Rule 317.1 updates, allows imposing fees on stationary sources (Title V)
 - July 2024 – EPA/CARB/SCAQMD agree to reduce emissions from all sources to meet O₃ SIPs for '97, '08, '15
 - August 2024 – EPA posted **proposed** Finding of Failure, still not final
- EPA proposed and finalized disapproval of **San Joaquin Valley's** 1997 8-hr O₃ SIP
 - October 2025 – disapproval effective, CA required to implement nonattainment contingency measures per CAA
 - CASA stated need for clean combustion vehicles in SIPs during November 6th CARB/CTA/HDC public meeting
 - June 4, 2026 - EPA proposed approval of SJV's plan to implement contingency measures, will also require CARB to craft additional measures within a year (related to updated vehicle emission reductions)
- CASA met with EPA's Office of State & Local Air Partnerships March 4th
- CARB presented "changes" to 3 SIPs July 23rd to adjust reductions and pathways to achieve them
- CASA met with EPA's Ombudsman July 16th to discuss impacts of ACF on achieving SIP reductions
- CASA to hold meet and greet with new acting EPA Regional Director

16

6. Updated CARB Criteria Pollutant & Air Toxics Reporting

- CARB regulations require WWTPs to participate in a two-step process to source test emissions for air toxics (individually or as a group)
- Must perform “Two-Step Process” to determine shortlist of air toxics emitted and emission factors:
 1. Qualitatively scan air space of unit processes to determine detectable compounds
 2. Quantify emissions of detectable compounds (mimic 1990 Pooled Emissions Estimation Program or PEEP, but with a broader list of AB 2588 compounds)
- **CA wastewater sector has opted to perform statewide pooled source testing!**
- Those not participating in pooled source testing AND not performing their own source testing **are not in compliance - please reach out to CASA!**

17

6. Status of Statewide “Two-Step Process” Pooled Source Testing

- Two-Step Process being achieved in two phases:
 1. Develop approvable Plan to perform two-step process (**WE ARE HERE**)
 2. Scan & quantify emissions (according to approved Plan for performing two-step process)
- **Steering Committee actions since delivering draft Plan to CAPCOA November 19th:**
 - Since June 10th, CAPCOA is working toward consensus on feedback
 - Analyzing CIWQS influent water quality data to further justify facility selection per CAPCOA feedback
 - Met with CARB to discuss formal compliance extension due to delays in CAPCOA's review
 - Received and are evaluating source test specialist SOQs
 - Posted the air quality analytical laboratory RFQ, SOQs due October 9th
 - CASA collecting remaining pledges and contributions (Fiscal Years ending '24, '25, '26, '27)
 - CARB's Draft Air Toxics Roadmap Workshop Aug 25th, Comments due Sept 16th
 - Acknowledges limited source testing and constrained laboratory capabilities, as well as CARB staff limitations
 - CASA's Air Toxics Subgroup meetings are open to all – next meeting October 7th

18

7. Biogas Utilization & Energy Resilience

- Cap-&Invest Program (formerly Cap-&-Trade)
 - **Manufacturing Decarbonization Incentive (MDI) Program approved in May 2026**
 - Provides \$4 billion to support investment/doing business in CA (offsetting federal incentives).
 - Limited to 118 million allowances (each allowance = 1 metric ton).
 - No more than 50% of allowances can go to oil and gas production.
 - No more than 50% can go to manufacturing.
 - **Eligible projects:** replacing fossil fuel-powered equipment with clean alternatives, low-carbon hydrogen use, renewable energy generation, carbon capture and sequestration, methane reductions, and more.
 - **Eligible feedstocks:** Biogenic fraction of solid waste materials (among others) – *need to confirm if this includes sewage sludge as a source for energy generation or if it limits it to diverted organic waste.*
 - First applications are due June 1, 2027.
 - First year incentive allowances will be awarded is late 2027 for use in 2028.
 - Companies can apply value to eligible project expenditures that started September 1, 2026.
- Board of Forestry and Fire Protection – Bioenergy Action Plan
 - Includes organic waste management and end uses

19

7. Biogas Utilization & Energy Resilience

- CASA advocating to preserve **multiple uses of wastewater-derived biogas**, including:
 - Onsite renewable energy generation
 - On- and Off-site low carbon fuel production
 - Pipeline grade biomethane for direct injection
 - Demonstration of wastewater biogas-to-hydrogen
- SCAQMD suggested 1-pager on beneficial uses of biogas for EO to present to CAPCOA
- **CA Hydrogen Plan** (under SB 1075) to be developed in 2026
 - SB 1075 (2022) requires CARB (with CEC and CPUC) to report on hydrogen production, deployment, and use across CA sectors to achieve climate, air quality, and energy goals
 - 2022 Scoping Plan includes use of renewable hydrogen as alternative to fossil fuels in all sectors
 - CARB developing draft report for public comment, aiming for adoption by end of 2026
 - Met with CA Hydrogen Business Council CEO and CA Hydrogen Coalition EO

20

7. Biogas Utilization & Energy Resilience

- CPUC terminated **BioMAT** program, BAC working with RCRC to challenge this in court.
- Recall the BioMAT program consisted of:
 - Feed-in tariff for small bioenergy renewable generators <5 MW
 - 250 MW eligible projects through fixed-price contracts to export electricity to CA IOUs, counts toward IOU RPS target (110 MW from biogas of WWTPs, municipal organic waste diversion, food processing, and co-digestion)
- CPUC adopted changes to the RNG Standard Program and Procurement Plans (SB 1440)
 - Address ratepayer impacts of biomethane procurement for cost effectiveness evaluation.
 - Adjust the procurement targets.
 - Protect ratepayers from excessive above market costs by establishing Cost Containment Mechanism to set limit on average and maximum customer rate impacts.
 - Support SB 1383 implementation.

21

7. Biogas Utilization & Energy Resilience

- Established by Inflation Reduction Act of 2022
- Department of Treasury/IRS issued proposed regulations for domestic producers of clean transportation fuel to determine eligibility for and calculate clean fuel production credit (45Z)
- Limit feedstocks to those grown or produced in the US, Mexico, or Canada...

Section 45V	Section 45Y	Section 45Z	Section 48E
• Clean Hydrogen Production Credit • Was set to expire end of 2025, extended through 2027	• Clean Electricity Production Credit • Phasing out and termination of wind and solar	• Clean Fuel Production Credit • Extended through 2029 (vs 2027) • Produced after 12/2024, before 12/2029	• Clean Electricity Investment Credit • Phasing out and termination of wind and solar • Other conditions remain

22

8. CASA's Research Collaborative (CRC)

- **Objective:** Pilot proactive / collaborative approach to ID research needs in clean water sector to inform future policy – the first two priority issues are:
 - RO concentrate management
 - Nutrient management/nitrous oxide emissions/organics diversion nexus
- **2026 actions to date:**
 - January: ERG Meeting at Winter Conference, formatted Research Project List for ERG/member review Feb/Mar
 - February: Met with SWRCB/WRF to discuss priorities related to recycled water for allocating SWRCB \$1.5M
 - June 3rd: Partnering for Impact (PFI) Event held at The Cove – UC Irvine
 - August 6th: ERG meeting at Annual Conference, Planning for PFI 2027
 - **Deliverable to CASA Board...participation in follow-on actions:**
 - ROC Management – invited by WRF to sit on PAC for Project 5404 "Drivers, Technologies, and Approaches that Enable ROC Discharges to California Receiving Bodies"
 - Nutrient/Energy/Nitrous Oxide Nexus – need continuous emissions monitoring to fill data gap
 - Discuss next steps/priority issues

23

9. Scoping Plan Update: CH₄ & N₂O Process & Fugitive Emissions

- CARB to begin 2027 Scoping Plan Update in 2026
- CASA to track how CARB handles:
 - Water and wastewater-related emissions
 - Role of WWTPs in broader community emissions reductions
- NRDC June 2026 White Paper: Understanding & Abating N₂O & CH₄ from WW
 - Interest from legislators
- Tracking GHG emissions from WWTPS
 - Princeton University GHG survey follow-up
 - WRF 5188 – Water Sector Climate Emissions Guidelines webcast April 23rd
 - WRF 5255 – GHG Emissions Library is open for emissions data upload
 - WRF 5430, Unlocking Value and Opportunities from Carbon Flows in Water Utilities
- CASA participating in UK's Process Emissions Action Community
- CASA participated in Utility Climate Action Network (30 European/Canadian Utilities)

24

10. SWRCB Climate Change Resolution & Action Plan

Past Actions

Meeting #1, March 6, 2025 –
Climate-Related Concerns & Opportunities

Meeting #2, May 20, 2025 – DRAFT Climate
Change Resolution Goals & Objectives

1. Greater Organizational Capacity and
Coordination to Address Climate Change
2. Deeper Understanding of Climate Change
Challenges and Solutions
3. Reduced Greenhouse Gases
4. More Resilient Communities and Watersheds
5. More Equitable Climate Outcomes

Recent Actions & Next Steps

- CASA submitted comments, edits on Draft Goals & Objectives June 20, 2025

• Next Steps

- SWRCB to share full draft Resolution Q3 2026!
- Focus Group to meet one more time
- Draft Resolution to be shared with public
- Action Plan development next (2027), plans to reconvene Focus Group!

25

Informational Items

26

1. CARB Potential Standards: New Off-Road Diesel Engines

Tier 5 Rulemaking

- Reduce NOx (up to 90%) and PM (up to 75%) compared to Tier 4 standards
- First-time GHG (CO2 equivalent) standards
- New off-road Low Load Cycle (LLC) for cert
- Reduced idling provisions
- Improved Certification
- In-use Reliability
 - Revised useful life, warranty, defects reporting
 - New/enhanced in-use screening/testing
 - Selective catalytic reduction inducement
 - Off-Road On-Board Diagnostics

Tentative Schedule

- Release draft test procedures: September 2024
- SW Research Institute demonstration work:
 - Developed new off-road LLC
 - Completed technology selection, calibration, and demonstration using certification cycles
 - Conducting off-cycle testing
- Release of draft potential Reg Order & Test Procedures: Early 2026
- **Release of ISOR: Early 2027**
- **Release of 45-Day Public Notice: Early 2027**
- **Board Hearing: 2027**

27

2. OPC Grant Funding: Sea Level Rise (SLR) Adaptation Planning Grant

- Grant funding for local, regional, and tribal governments facing significant and imminent SLR threats in CA
- Funding approved:
 - Up to \$1,499,285 to Contra Costa County
 - Up to \$600,000 to the City of Santa Cruz
 - Up to \$1,200,000 to the Stinson Beach County Water District
 - Up to \$997,500 to the City of South San Francisco
 - Up to \$848,000 to the City of Imperial Beach
 - Up to \$1,500,000 to City of Richmond
 - Up to \$1,500,000 to City & County of San Francisco
 - Up to \$1,392,000 to Fairfield-Suisun Sewer District for "Subregional Shoreline Adaption Plan"
 - Up to \$300,000 to Stinson Beach County Water District for "Adaptation Plan for Community Wastewater System"
 - Up to \$1,140,000 to City of Alameda for "Oakland-Alameda Shoreline Adaptation Planning"
 - Up to \$2,240,000 to ABAG/SFEP for "The East Bay Crescent Sub-Regional Vulnerability Assessment and Shoreline Adaptation Planning"
 - Up to \$144,900 to City of Oakland for "City of Oakland Oakland-Alameda Adaptation Committee and East Bay Crescent Regional Planning Effort"
 - Up to \$2,631,383 to County of Santa Clara for "Santa Clara County Subregional Shoreline Adaptation Plan"
 - Up to \$2,033,726 San Mateo County Flood & SLR Resiliency District for "San Mateo County Southern Bayside Cities Shoreline Resilience Plan"
 - Up to \$736,370 to City of Pinole for "Pinole-Hercules Multi-Jurisdictional Shoreline Adaptation Plan"
 - Up to \$400,000 to City of Pittsburg for "City of Pittsburg Shoreline Adaptation Plan"
 - Up to \$729,911 to County of Sonoma/Permit Sonoma for "Sonoma County Pacific Coast Sea Level Rise Resilience Plan"
 - Up to \$291,681 to County of Santa Barbara for "Santa Barbara County Sea Level Rise Adaptation Plan"
 - Up to \$550,000 to City of Goleta for "Climate Ready Goleta: Sea Level Rise Vulnerability Analysis & Adaptation Plan"
- For details and informational webinar visit link in agenda
- Next OPC Meeting: September 18th

*Applications are accepted on a quarterly.
Upcoming submission deadline:
September 11th
Updated application materials available online!*

28

3. Emissions from Emergency/Standby Generators & BACT

Air District	>1000 Brake Horsepower	>50 Brake Horsepower
Bay Area Air District	Tier 4 (Effective: January 1, 2020)	Tier 4* (Effective: December 2, 2024)
Sacramento Metro AQMD**	Tier 4 (Effective: June 4, 2021)	Tier 4 (Effective: June 4, 2023)
San Joaquin Valley APCD	Tier 4 (Effective: April 29, 2022)	Tier 4 (Effective: April 29, 2022)
South Coast AQMD***	Tier 4**** applicable to Title V facilities (Effective: September 2, 2022)	See South Coast AQMD BACT Guidance

*Designates W/WW treatment systems as Level 2 NFPA 110 Level, failure is less critical to human life and safety.

**SMAQMD considering requirement for engines >25 bhp.

***SCAQMD advises operators to avoid using emergency generators during Public Safety Power Shutoff (PSPS).

****Clean Water SoCal advocated to avoid testing requirements for compliant engines (match certified engines).

29

3. Emissions from Standby/Emergency Generators & BACT

SCAQMD Proposed Rule 1110.4

- Considers zero emission/low NOx strategies for emergency generators.
- Workshop held June 24th
- SCAQMD staff concurred with Clean Water SoCal's position that essential public services should not be required to replace emergency diesel generators with natural gas fired units or other cleaner technology.

30

4. SCAQMD Proposed Amended Rule 1302

- Supports permitting private composting infrastructure to implement CA's SB 1383 organic (food) waste recycling
- **ISSUE:** Amendments include composting facilities regulated under Rule 1133.3 but exclude publicly owned co-composting facilities performing same function as well as organic waste recovery and recycling facilities
- Clean Water SoCal commented August 7th – requested that SCAQMD:
 - Define publicly owned and operated compost facilities as an Essential Public Service in Rule 1302
 - Include publicly owned co-composting facilities operating under Rule 1133.2 as an Essential Public Service
 - Include publicly owned organic waste recovery and recycling facilities
- Unfortunately, SCAQMD did not address these concerns and maintains permitting support for private facilities (including private landfills composting food/green waste)

31

5. State Legislation Calendar & Tracking

- Last day of 2026 legislative session: August 31st
- Final day for Governor to sign or veto bills passed by the Legislature: September 30th
- State Legislative Committee Meeting – 2027 Strategic Planning: December 4th
- Legislature reconvenes January 4th, 2027

32

Recent & Upcoming Conferences/ Events

- **Clean Water SoCal Air Quality Committee Meeting**
September 15, Virtual
- **CVCWA Annual Conference**
September 16, Sacramento
- **WEFTEC**
September 26-30, New Orleans
- **NACWA Climate & Resilience Committee Meeting**
October 8, Virtual
- **Resilient California Summit**
October 20-22, UC-Davis
- **CASA Innovative Technology Seminar**
October 21, UC-Davis
- **NACWA Clean Water Law & Enforcement Seminar**
November 11-13, Santa Monica
- **BACWA Air Issues & Regulations (AIR) Committee Meeting**
November 18, Virtual

33

Upcoming ACE-related Meetings

- Pooled Emissions Study Steering Committee:
September 23rd (reschedule to September 30th)
- Advanced Clean Vehicle Subgroup: September 28th
- Air Toxics Subgroup: October 7th
- ACE Workgroup: October 8th
- State Legislative Committee: December 4th

To be scheduled...

- Water Conservation/SB 1157 Subgroup – Collection System: TBD, before September 21st
- SWRCB Climate Change Resolution Subgroup: Q3 2026
- Ozone Attainment Subgroup: Following feedback from EPA

34

35

BOARD MEMBER CONFERENCE/ MEETING/WEBINAR ATTENDANCE REQUEST

Date: _____ Name: _____

I would like to attend the _____ Meeting
of _____

To be held on the _____ day of _____ from _____ a.m. / p.m. to
_____ day of _____ from _____ a.m. / p.m.

Location of meeting: _____

Actual meeting date(s): _____

Meeting Type: (In person/Webinar/Conference) _____

Purpose of Meeting: _____

Meeting relevance to District: _____

Board Directors to register themselves for webinars and meetings and can submit
proof of registration to District for reimbursement.

Request assistance from Board Secretary to register for Conference: YES NO
☐ ☐

Board Directors to make their own Hotel Reservations and book their own
transportation including airfare, taxi and/or shuttles.

Frequency of Meeting: _____

Estimated Costs of Travel (if applicable): _____

Date submitted to Board Secretary: _____

Board approval obtained on Date: _____

Please submit this form to the Board Secretary no later than 1 week prior to the
Board Meeting.

9/17/2026

BOARD AGENDA ITEM REQUESTS

- ☐ Separate Item to be distributed at Board Meeting
- ☐ Separate Item to be distributed prior to Board Meeting
- ☒ Verbal Report
- ☐ Presentation

9/17/2026

Various Industry Articles Discussion

- ☐ Separate Item to be distributed at Board Meeting
- ☐ Separate Item to be distributed prior to Board Meeting
- ☐ Verbal Report
- ☒ Discussion
